

# The Employee Journey

## myHSA

myHSA makes it easy for employees to make claims for the everyday services they need, with no hidden charges or fees.

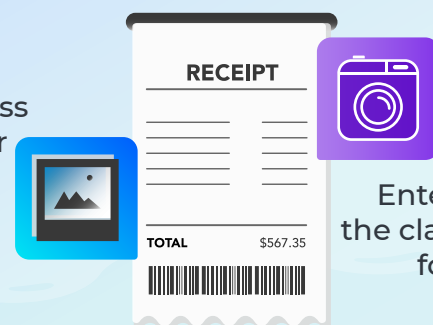

### SIMPLE REIMBURSEMENT

Employees pay out of pocket for their service of choice and reimbursed once they make a claim.

Funds are deposited to employees' bank accounts within 1 to 3 business days, receiving the full out-of-pocket amount with no hidden fees!

To make a claim, employees can access the mobile gallery or capture a picture of their receipt right from the app!

Enter the details of the claim and submit for adjudication.

1

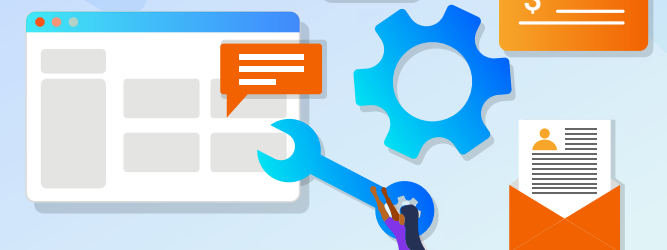

### A PAPERLESS PROCESS

Access your account online or through the app. Although the myHSA app is unavailable for Plan Admins, employees can download the app for both iOS and Android devices for quicker claim submission and access to spending accounts.

2

### EASY SETUP

Under the settings tab, Employees should enter personal information, dependent(s), and banking information – if the plan administrator has not done so already.

### NAVIGATING YOUR DASHBOARD

Online or through the app

3

### TRACK CLAIMS & BALANCE DETAILS

Employees can view their claims, tracking multiple claims at once from pending to approved!

Access your balance details from your dashboard to view your available funds, carryover and reserve.
